• **IS THERE SUCH A THING AS A 'NORMAL' CHRISTIAN LIFE?**

An opportunity to spend a few hours exploring what God has accomplished in Jesus Christ, and how we can be sure that we are living in the benefits of it.

The foundations:

Repentance from sin and dead works,  
Exercising faith toward God,  
The meaning of baptism in water,  
The reality of baptism in Holy Spirit,  
Present and future judgement.

Understanding and experiencing what it means to enter into rest and to walk in the Spirit, as we live a life where the Kingdom of God is our priority, and we are fully surrendered to God and His purposes.

### Wollaston Health & Wellbeing Group

(An initiative of St Mary's Church, Wollaston)

Alcohol consumption within the Department of Health's revised guidelines is for many a pleasurable experience, with some, albeit debatable, potential benefit to our health and wellbeing. However, for people who knowingly exceed these limits or under-estimate their weekly intake of alcohol, the health consequences can be very serious. This talk will review the current information on 'safe-drinking' and the potential health risks of alcohol. Opportunities for reducing consumption and help in overcoming addiction will also be discussed.
