Bring a bible, a notebook, and a heart ready to receive the truth that YOU, like John, are the disciple whom Jesus loves. "Love unlocks mysteries. As we love Jesus, our hearts are unlocked to see more of his beauty and glory. When we stop defining ourselves by our failures, but rather as the one whom Jesus loves, then our hearts begin to open to the breath-taking discovery of the wonder of Jesus Christ. Jesus does not see us in the darkness of our pasts but in the light of our destinies!"

**Wollaston Health & Wellbeing Group**

(An initiative of St Mary's Church, Wollaston)

Gardening for wildlife has become popular in recent years with a focus on garden features that benefit wildlife such as plants for pollinators, ponds, bird boxes, bug hotels and so on. To rewild a garden is to look at the land from nature's point of view, and allow nature to take the lead wherever possible. Come and listen to Denise as she guides us through the possibilities for a rewilding project in our own gardens.
