Wollaston Health & Wellbeing Group

(An initiative of St Mary's Church, Wollaston)

Art history is the study of art from across the world, and from the ancient to the present day. It covers virtually every aspect of human history and experience. This is because it looks at works of art not just as objects, but as a way of understanding the world, and the societies in which they were created.

Come and listen to Angela as she goes "back to basics" and suggests how to look at a work of art as an art historian. When you are faced with a painting, what should you look for? Where do you start in gaining a better understanding?

Introduction to the History of Art

with Angela Scheidegger MA (Art History)

Thursday 21st September 2023

2.00 pm to 4.00 pm

to be held at

St Mary's Church, Wollaston
